"Newsletter-CHAIN", 3-page pdf (329 KB).

Dear ISWI Participant:

Today's issue of the ISWI Newsletter is a continuation of yesterday's issue. (Today's issue is Vol. 2, No. 29.)

The solar telescope newly installed in Peru (described yesterday) is part of the "CHAIN Project" (Kwasan and Hida Observatories of Kyoto University, Japan), which is explained in the attached pdf. This project is another major contribution by Japan towards IHY/ISWI.

"Dr. J. Ishitsuka's newsletter", mentioned at the bottom of the first page of the attached newsletter, was sent out yesterday as Issue Vol. 2, No. 28.

Please send your ISWI-related news to the "ISWI Newsletter" so that others may know about your activities in the area of space weather.

Cordially yours,
George Maeda
The Editor.
