43 KB pdf --- Meeting Notes from Rabat (Morocco) Year 2009.

Dear ISWI Participant:

The "Morocco-ISWI Workshop in Rabat 2009" was held at University Mohammed V, Souissi, over a 2-day period from 19-20 November 2009 between representatives of Moroccan universities and a delegation of international scientists offering collaborative research projects in space-weather related subject areas.

----> Attached are the Meeting Notes from Dr Joe Davila (GSFC/NASA).

I think bringing in Morocco is a very good start for ISWI, which runs during the years of 2010, 2011, and 2012. If you want to "initiate" something, please let us know. Three years will zip by quickly.

Cordially yours,
George Maeda
