

■ Job Information

Subject No.	2026R-119
Job Title	Fixed Term Researcher
Department	Cybersecurity Research Institute / Center for Research on AI Security and Technology Evolution
Work Contents (Research theme)	R&D on AI security
Detail of Work Contents	We conduct R&D on AI security and security using AI, and perform technical evaluations. In particular, our R&D on AI security investigates and verifies various attacks that cause AI to make incorrect judgments or malfunction (including the construction of a verification environment). Based on these findings, we analyze and systematize the targets, methods, and scenarios of these attacks. Additionally, we engage in R&D on technologies for identifying high-quality training data, evaluating the reliability of autonomously evolving AI, and improving the interpretability of AI decision-making. The Article 15(2) of the Act on the activation of Science, Technology and Innovation will be applied to this work content.
	Employees to be hired through this recruitment may apply for external competitive research fundings such as Grant-in-Aid for Scientific Research (KAKENHI) and NICT's internal research fundings.
Application requirement	Research experience in AI security and a proven track record of publishing high-quality papers in the field. Strong technical communication skills in English. Having a doctoral degree or recognized to have the ability equivalent to Ph.D.
Recruiting (Number of people)	1
Contract period	hiring date ~ March 31,2027 N.B. Contract could be renewed.
The employment period in case of fully renewing	Up to 5 years if certain conditions are fulfilled
Salary (basic salary)	¥515, 000 ~ ¥534, 000/month Basic salary shall be determined by taking into account each employee's experience and task to be engaged in. However, as a basic salary is compliant with government employees' wages, it shall be changed when a basic salary is changed after labor union and the like of NICT agreed under a revision to the government employees' wages.
Work Place	Innovation Center (Chuo-ku, Tokyo)
Working frequency	5days/week (7.5hours/day)
