

TECHNICAL DEVELOPMENT CENTER NEWS

COMMUNICATIONS RESEARCH LABORATORY
Serial No. 12 June 1998

CONTENTS

Overview of the Twelfth TDC Meeting	2
Technical Reports	
Instructions to use K-4 VLBI system with FS9 software	6
K-4 VLBI data-acquisition system	8
Real-time VLBI system	12
Bandwidth synthesizing software KOMB	14
Data analysis software	15
The Kashima 34-m antenna status report	19
Preliminary experiments of improved optical-linked RF interferometer	20
The comparison between VLBI and GPS data	24
News-News-News	
Letter to the editor	27
Announcement	
International workshop on geodetic measurements by the colocation of space techniques on earth (GEMSTONE)	5
